

FOOTBALL SCOREBOARDS

fslscoreboards.com

A young man in a white and red football kit stands on a stadium field at night, holding a soccer ball. The background is a dark stadium filled with spectators, illuminated by bright spotlights.

Football Scoreboards

FSL Scoreboards is the leading specialist in the design & manufacture of electronic football scoreboards in Ireland, the UK and worldwide.

FSL scoreboard models have the capability of displaying information such as team scores, count-up/ count-down/ real time clock, as well as displaying the home and away team names. We also offer complete customised models to suit your clubs requirements and budget.

repairs & upgrades

Case Study

Whitchurch Alport F.C. continue improvements at Yockings Park with a new LED Scoreboard. Club Chairman Ryan Jardine had this to say about the clubs' investment.

We are delighted with our newly installed electronic scoreboard from FSL Scoreboards at Whitchurch Alport F.C. Whether its us scoring or conceding you can be sure someone within the ground is taking a photo of the scoreboard and posting it on social media!

We managed to get the board sponsored very quickly and so we are hopeful that the board will return our financial investment within three years which will make a very worthwhile project.

We couldn't recommend FSL Scoreboards enough to any sports club thinking of adding a scoreboard to their ground.

Ryan Jardine
Club Chairman

Wall Mounted

Trolley Mounted

Frame Mounted

Additional Services

FSL supply scoreboards and digital solutions to a wide variety of sports.

Other Applications

- Cricket
- GAA
- Rugby
- Hockey
- Bowls
- Basketball
- Schools

Jump Mats

Accompanied by our unique app, the JumpMat has the ability to store, analyse, export, and present athletic data so you don't have too! Through the use of timeline graphs and over 24 Jump Modes, you will be able to create your very own reports to show the effectiveness of your training programmes.

Sub Boards

Our Double-Sided Sub Board is equipped with Ultra-Bright LEDs suitable for outdoors, with red LED's for exiting players, and green for entering. The board is controlled through a sturdy membrane label, making it weather resistant. You can also pre-program your substitutions in (up to 6), making it simple to recall them.

Timing Gates

Forget the stopwatch and bring your training to the next level with the Beam Trainer timing gates system. It is designed for accurately tracking time in sports, especially for timing sprinting events and drills, testing speed in sports such as GAA, rugby, football, hockey basketball and athletics.
