know the score...

1) Scoreboard connections:

- The scoreboard should be supplied with a 230V mains supply.
- The mains supply should be fed through a 5 Amp circuit breaker and it is highly recommended that the supply should be fed through a Residual Current Device (RCD).
- If the scoreboard has been supplied with a separate aerial this should be mounted as high as possible.

2) Changing Scores:

(a) Press and release REFRESH/INNINGS - current stored info is sent to the scoreboard.

(b) Press and hold REFRESH/INNINGS until led flashes - release button. The Total WICKETS OVERS set to 0 and 1st Inns to whatever the Total was.

(c) Press and hold REFRESH/INNINGS for second time until led flashes to make all 0.

(d) To change scoreboard press   keys required number of times & then release - wait until the data sent.

(e) At any time, pressing the REFRESH/INNINGS briefly will resend all data again.
